Please check all that apply:

Small and Emerging Business Enterprise (SEBE) Definition

A small and emerging business enterprise is defined as a business concern, operated, not dominant in the field of operation in which it is bidding on government contracts, and qualified as a small business under the criteria and size standards in 13 CFR Part 121.201. Such a concern is “not dominant in its field of operation” when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged.

The below designations require that the Vendor selecting them be certified by an appropriate certification entity. Franklin County will recognize and accept certifications from: the City of Columbus, Columbus City Schools, the Department of Administrative Services (DAS), Ohio Unified Certification Program (ODOT), the US Department of Veterans Affairs (Office of Small & Disadvantaged Business Utilization) and the Women’s Business Enterprise National Council (WBENC) certifying bodies. In addition to other agencies approved by the County i.e. Ohio Minority Business Assistance Center or Columbus City Schools we will accept certifications from any appropriate certification body for these certifications. Please upload a copy of your certification at the end of this section if you select one of the below.

Disadvantaged Business Enterprise (DBE)

DBEs are for-profit small business concerns where socially and economically disadvantaged individuals* own at least a 51% interest and also control management and daily business operations. (*African Americans, Hispanics, Native Americans, Asian-Pacific and Subcontinent Asian Americans, and women are presumed to be socially and economically disadvantaged). Other individuals can also qualify as socially and economically disadvantaged on a case-by-case basis. To participate in the DBE program, a small business owned and controlled by socially and economically disadvantaged individuals must receive DBE certification from the relevant state— generally through the state Uniform Certification Program (UCP).

To be regarded as economically disadvantaged, an individual must have a personal net worth that does not exceed \$1.32 million. To be seen as a small business, a firm must meet SBA size criteria AND have average annual gross receipts not to exceed \$22.41 million. Size limits for the airport concessions DBE program are higher. The Department has issued a final rule amending its disadvantaged business enterprise (DBE) program at 49 CFR part 26.

Encouraging Diversity. Growth and Equity (EDGE)-Certified Business Enterprise (“EDGE”) Definition

An EDGE-certified business must be owned and controlled by a U.S. citizen who is a resident of Ohio. A business may qualify for EDGE certification if either (a) its owner is both socially and economically disadvantaged, or (b) the business is located in a qualified census tract and the owner is economically disadvantaged. A business enterprise that is eligible for EDGE certification must (1) have been in business for at least one year prior to applying; and (2) be at prior to the date of determination in connection with the County’s contracting or procurement activities and that meets certain size limitations based on the Federal Small Business Administration Regulations set forth in 13 C.F.R. §121.201 and the revisions thereto. The enterprise must be local, having (a) its principal place of business within Franklin County, Ohio as determined by the payment of real or personal property taxes on property located in such county for not less than one taxable year immediately prior to the date of determination or (b) more than 50% of its full-time employees residing within the boundaries of Franklin County; and must be economically disadvantaged such that the enterprise is at least 51% owned and controlled directly or indirectly by one or more individuals, each with a personal net worth equal to or less than \$750,000. Personal net worth of an individual includes the personal net worth of the individual’s spouse, if any, but does not include (1) the individual’s ownership interest in the enterprise being

considered in connection with the County's contracting and procurement activities or (2) the individual's equity in his or her primary residence. Additionally, a contingent liability does not reduce an individual's personal net worth.

Local Economically Disadvantaged Enterprise (LEDE) Definition

A sole proprietorship, partnership, company, corporation or joint venture that has been in business for at least one year prior to the date of determination in connection with the County's contracting or procurement activities and that meets certain size limitations based on the Federal Small Business Administration Regulations set forth in 13 C.F.R. §121.201 and the revisions thereto. The enterprise must be local, having (a) its principal place of business within Franklin County, Ohio as determined by the payment of real or personal property taxes on property located in such county for not less than one taxable year immediately prior to the date of determination or (b) more than 50% of its full-time employees residing within the boundaries of Franklin County; and must be economically disadvantaged such that the enterprise is at least 51% owned and controlled directly or indirectly by one or more individuals, each with a personal net worth equal to or less than \$750,000. Personal net worth of an individual includes the personal net worth of the individual's spouse, if any, but does not include (1) the individual's ownership interest in the enterprise being considered in connection with the County's contracting and procurement activities or (2) the individual's equity in his or her primary residence. Additionally, a contingent liability does not reduce an individual's personal net worth.

Veteran Business Enterprise (VBE) Definition

A veteran business enterprise is defined as a business concern (1) which is at least 51 percent owned by one or more veterans or service-disabled veterans, or in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more veterans or service-disabled veterans; and (2) whose management and daily business operations are controlled by one or more veterans or service-disabled veterans.
