### We need to hear from you.

We're working on a community plan for Madison and Truro Townships. The plan is a guide for your future: where houses are built, what kinds of businesses are allowed, how new buildings look, and locations of parks and trails.

At the last public meeting, you told us what you like and what should be changed. We've put together a general vision for the future. Tell us what you think. It's your future, set the course.
