

Working Committee Remote Meeting 2.3

Due to COVID-19, in-person meetings are postponed. The 2.3 Working Committee meeting will be held virtually through a conference/video call for discussing meeting materials.

This meeting will be hosted with Zoom, and participants will have the option to attend the meeting over the phone or with a device that has video.

The meeting will be on **Thursday, July 16, 2020 at 4:00 p.m.** The meeting will last approximately 1.5 hours until 5:30 p.m.

We appreciate your patience and understanding during this time. Questions or concerns can be forwarded to the project planner, Michael Burris – mburris@franklincountyohio.gov.

You will find the meeting materials enclosed for your review. The following items are included:

- Future Land Use Map: Revisions following Working Committee 2.2
- Comparison of Existing Zoning to Proposed Land Use Map
- Neighborhood Design Center's (NDC) Conceptual Development Designs
 - o *What are these materials?* Franklin County Economic Development and Planning and NDC collaborated to draft development concepts to include in the community plan. The concepts are *examples only*. Development concepts allow for residents to identify what they desire in future building designs and where different types of buildings should be located. In areas with a significant amount of vacant land, such concepts help residents imagine how an area would look were the vacant land developed with the proposed land use.

We will collect feedback on the development concepts during the working committee meeting and the next public meeting. Following, NDC will revise the concepts accordingly for incorporation in the community plan. This section of the plan will guide future decision-making on how particular developments are designed and sited in Urbancrest.

Remote Meeting Instructions

- I. Review enclosed meeting materials.
- II. Feedback Session on July 16, 2020 at 4:00 p.m. The meeting can be accessed either by video or teleconference through Zoom.

Remote Meeting Agenda

- I. Introduction
- II. Revisions to Land Use Map
- III. Differences between Land Use Map and Current Zoning
- IV. Neighborhood Design Center's Development Concepts
