

Pleasant Township Comprehensive Plan

Final presentation to the community

The plan is ready. After months of planning, public meetings and hundreds of comments, we're ready to unveil the Pleasant Township Comprehensive Land Use Plan. The plan is the township's guide for future development: where houses should be built, what kind of businesses are allowed, how buildings will look and how the environment will be protected. It's been a community-wide effort. Come see the results.

6:30 p.m.

Thurs., January 15, 2009

Pleasant Township firehouse

5373 Norton Road
